All Natural Niman Ranch Meats
Naturally Superior

When talking quality, Niman Ranch is at the top of its field. They are known for their humanely raised and natural meats which are never caged, never given any antibiotics or any added hormones, and are fed all vegetarian feed. Through this specialized and careful method of raising top quality cattle, Niman Ranch is able to deliver superior flavor and texture.

Is Your Rib Roast Done?

Wait until you are within 20-30 minutes of your estimated cooking time before inserting an instant-read thermometer. We recommend against poking the meat too much or too soon while cooking as it causes some drainage of the natural juices.

Test the thickest part of the roast, but away from any bone if you are roasting with the bones on.

Allow rib roast to rest for 15 to 20 minutes after being removed from the oven and before slicing.
We proudly feature Niman Ranch at our fresh meat counter.

DEEP-DISH Pumpkin Meringue Pie

**RECIPE!**

**INGREDIENTS**

**CRUST**

- 1¾ c All Purpose Flour
- 1 tsp Granulated Sugar
- ½ c Sticks Butter, sliced
- ¼ cup Ice Water

**FILLING**

- 15 oz Pumpkin Purée
- 6 tbsp Granulated Sugar
- ¼ c Brown Sugar
- ¼ c Honey
- 2 tsp Cinnamon
- ½ tsp Nutmeg
- ¼ tsp Cloves
- ¼ tsp Salt
- ½ c Whole Milk
- 1 cup Heavy Cream
- 1 tsp Vanilla Extract
- 2 Large Eggs
- 1 Large Egg Yolk

**MERINGUE**

- 4 Large Egg Whites
- 1 c Granulated Sugar
- ½ tsp Vanilla Extract
METHOD

PIE CRUST
Pulse Flour and Sugar in a food processor. Add about half of the Butter, pulse. Add the rest of the Butter and pulse until mixture turns into coarse crumbs. Slowly pulse in enough ice water to gather the dough into a ball. Flatten Dough into a disc and sprinkle both sides with Flour. Wrap flat in plastic wrap and refrigerate for about 30 minutes.

Preheat the oven to 425°F. Roll out the Pie Crust to about 12 inches in diameter and place the Pie Crust in an eight-inch springform pan. Trim the edges so that the sides of the Dough stand about two-inches tall. Chill in the refrigerator for 15 to 20 minutes. Once chilled, line the crust with parchment and fill with Pie weights and blind bake for 15 minutes. Remove pie weights and parchment, and bake for an additional five minutes, or until the edges just start to brown.

PIE FILLING
Over medium heat, whisk together Pumpkin Purée, Sugar, Brown Sugar, Honey, and Spices for five minutes or until the mixture starts to come together and steam a bit. Remove from heat and whisk until smooth. Add the Milk, Cream, Eggs, and Egg Yolk until smooth, and pour into the pre-baked Crust. Turn oven down to 375°F and bake for 45 to 55 minutes, until a knife inserted into the Pie center comes out clean. Set aside to cool. Once cool, gently remove the outer ring of the springform pan.

MERINGUE TOPPING
With a stand mixer, whisk Egg Whites and Sugar until combined. Heat a couple inches of water in a saucepan over medium heat. Whisking occasionally, heat four to five minutes until Egg mixture is warm and Sugar has dissolved. Return the bowl to mixer and whisk the mixture on high until the outside of the mixing bowl is cool. Add in the Vanilla and mix until medium-stiff peaks form. After the Pie has completely cooled, dollop Meringue on top. Gently toast the top of the Meringue under a broiler for a few minutes or until golden brown.
