

Reheating & Serving Instructions

Use these simple instructions to easily serve your meal. Our Catering Specialists are on hand to help answer any additional questions, just call your local Plum Market.

Entrées	All Natural Ready to Cook Turkey	4 ½ hours before serving: Preheat oven to 350°F. Once oven temperature has been reached, place the roasting pan in the oven for approximately 4 hours, or until thermometer reads 160°F when inserted 2" deep into the thickest part of the thigh. Remove the turkey from the oven and let rest for 20 minutes. Once the turkey has rested for approximately 10 minutes cover loosely with a sheet of aluminum foil.
	Glazed Spiral Sliced Ham	45 minutes before serving: Preheat oven to 350°F. Once oven has reached temperature. Loosely wrap clean foil around ham, leaving an opening at the top. Reheat the ham for approximately 30–45 minutes or until a meat thermometer placed in the center of the ham reaches an internal temperature of 140°F. Remove from oven.
	All Natural Roasted Turkey Breast	45 minutes before serving: Preheat oven to 325°F. When the oven has reached temperature. Place in aluminum roasting pan in the preheated oven for approximately 20–30 minutes, or until thermometer reads 160°F (poultry) or 135°F (beef, salmon, & Lamb). Remove from the oven and let rest for 5 minutes, serve immediately.
